

UPCOMING TRAININGS AND WEBINARS: Program staff at ODH has been working with local health districts, the Operator Training Committee of Ohio (OTCO) and other experts to schedule training on different sewage treatment systems topics over the summer. Since summer is a busy season for all, we wanted to make you aware of the different training events we have scheduled and the dates.

All recorded webinars will be posted on the program website. Below is the list of training events scheduled to date and the WEBINAR Links to these presentation.

To connect to the webinars: If you click on the link under the Notes section. The link will go live about 30 minutes prior to start of the presentation. At that point anyone who clicks on the link will see a video window that displays the ODH logo and a Powerpoint window that displays the first slide of the presentation. They should also hear music that plays prior to the start of the presentation that allows them to adjust audio. The webcast should be viewed using Internet Explorer and make sure that they have no issues hearing audio files over the internet prior to the webcast

Date	Training Event	Event Type	Location	Presenter	Notes
June 15, 2015	Operation Permit Program in Darke County	Archived	ODH	Sophie O’Conner, Darke County Health District	Archived link for this presentation http://accordent.powerstream.net/008/00153/BEHRP_06152015
